

Copy  Mac Hard Drive to  Maxtor Backup Hard Drive
using Backup - all files

What's going to happen?

Pressing "Copy Now" will use "Backup - all files" to copy Mac Hard Drive to Maxtor Backup Hard Drive using Smart Update. All files on Mac Hard Drive will be copied to Maxtor Backup Hard Drive, except the temporary and system-specific files that Apple recommends excluding.

Smart Update will copy and erase what's needed to make Maxtor Backup Hard Drive identical to your selections from Mac Hard Drive. The result will mimic "Erase Maxtor Backup Hard Drive, then copy files from Mac Hard Drive", but will typically take a fraction of the time.

Finally, SuperDuper! will quit.

Click to allow copying without password authentication.
